**showacts**

A vibrant laser light show at night. The scene is dominated by a dense network of green and blue laser beams crisscrossing the dark sky. In the center, a large, illuminated structure, possibly a stage or a large prop, is visible, glowing with a warm orange-red light. The foreground is filled with the dark silhouettes of a large crowd of people, their heads and shoulders visible against the bright light. The overall atmosphere is energetic and futuristic. The text 'showacts' is overlaid in a bold, white, sans-serif font, centered horizontally and partially framed by a white horizontal line.

*Made in Germany*
